

## § 91.300

Income      Housing      Tax      Credits  
(§ 91.315(j)).

(Approved by the Office of Management and Budget under control number 2506-0117)

### Subpart D—State Governments; Contents of Consolidated Plan

#### § 91.300 General.

(a) A complete consolidated plan consists of the information required in §§ 91.305 through 91.330, submitted in accordance with instructions prescribed by HUD (including tables and narratives), or in such other format as jointly agreed upon by HUD and the State.

(b) The State shall describe the lead agency or entity responsible for overseeing the development of the plan and the significant aspects of the process by which the consolidated plan was developed, the identity of the agencies, groups, organizations, and others who participated in the process, and a description of the State's consultations with social service agencies and other entities. It also shall include a summary of the citizen participation process, public comments, and efforts made to broaden public participation in the development of the consolidated plan.

(Approved by the Office of Management and Budget under control number 2506-0117)

#### § 91.305 Housing and homeless needs assessment.

(a) *General.* The consolidated plan must describe the State's estimated housing needs projected for the ensuing five-year period. Housing data included in this portion of the plan shall be based on U.S. Census data, as provided by HUD, as updated by any properly conducted local study, or any other reliable source that the State clearly identifies and should reflect the consultation with social service agencies and other entities conducted in accordance with § 91.110 and the citizen participation process conducted in accordance with § 91.115. For a State seeking funding under the HOPWA program, the needs described for housing and supportive services must address the needs of persons with HIV/AIDS and their families in areas outside of eligible metropolitan statistical areas.

## 24 CFR Subtitle A (4-1-04 Edition)

(b) *Categories of persons affected.* (1) The consolidated plan shall estimate the number and type of families in need of housing assistance for extremely low-income, low-income, moderate-income, and middle-income families, for renters and owners, for elderly persons, for single persons, for large families, for persons with HIV/AIDS and their families, and for persons with disabilities. The description of housing needs shall include a discussion of the cost burden and severe cost burden, overcrowding (especially for large families), and substandard housing conditions being experienced by extremely low-income, low-income, moderate-income, and middle-income renters and owners compared to the State as a whole. (The State must define in its consolidated plan the terms "standard condition" and "substandard condition but suitable for rehabilitation.")

(2) For any of the income categories enumerated in paragraph (b)(1) of this section, to the extent that any racial or ethnic group has disproportionately greater need in comparison to the needs of that category as a whole, assessment of that specific need shall be included. For this purpose, disproportionately greater need exists when the percentage of persons in a category of need who are members of a particular racial or ethnic group is at least 10 percentage points higher than the percentage of persons in the category as a whole.

(c) *Homeless needs.* The plan must describe the nature and extent of homelessness (including rural homelessness) within the State, addressing separately the need for facilities and services for homeless individuals and homeless families with children, both sheltered and unsheltered, and homeless subpopulations, in accordance with a table prescribed by HUD. This description must include the characteristics and needs of low-income individuals and families with children (especially extremely low-income) who are currently housed but threatened with homelessness. The plan also must contain a narrative description of the nature and extent of homelessness by racial and ethnic group, to the extent information is available.
